

AIPF2009

ASIA INTERNATIONAL PHOTOGRAPHY FAIR

9 - 12 OCTOBER, 2009 SUNTEC SINGAPORE CONVENTION CENTRE

AN INTERNATIONAL FORUM FOR CONTEMPORARY PHOTOGRAPHY

ARTSingapore 2009 presents the Asia International Photography Fair

The **Asia International Photography Fair (AIPF)** will be held in conjunction with ARTSingapore 2009 from **9 - 12 October 2009** at the Suntec Singapore Convention Centre.

The inaugural fair, which brings together contemporary photographic works from around the world, is the region's only platform for creative photo work. Photography enthusiasts as well as collectors will be able to appreciate and purchase works by international and Singapore galleries.

One of the exhibitors at the fair will be PhotoArt Santa Fe, from New Mexico, USA. In their first collaboration with ARTSingapore, 10 of their artists will be on hand to showcase their works, featuring a wide collection of styles from the the south-western landscape to the surreal.

We hope that this fair will be an engine to develop cultural, leisure and business activities in the photographic art genre, an art form that, once shunned, has now become part of the mainstream. Together with ARTSingapore 2009, I'm sure that the high quality of artistic photography and contemporary works showcased will appeal to you.

See you there!
